### **Directions to Lough Dan**

Take M50 south bound, stay on M50 till it becomes the M11 and then N11.

Watch for the Junction off the N11 for Glendaough / Roundwood and take that exit ramp.

At the roundabout at the top of the ramp turn right following the signposts for Roundwood. Continue on following signposts for Roundwood.

When you get to Roundwood village, at the Coachmans Pub take the right turn (signposted for Lough Dan)

Continue on and take a left at the Y junction

Continue on and take a left at the T junction

Continue on, go over a bridge and then turn right directly after the bridge (see sign post)

This is a pretty bockety road, mind the ducks! About 500m down you will see the gate to the Camp Site on the right hand side.

### **Directions to Larch Hill**

Take M50 southbound

Exit M50 at Ballyboden Junction

Take the 1st exit at the first roundabout (at top of exit ramp)

Take the 2nd exit when you come to the next roundabout

Take the 2nd exit when you come to the next roundabout

Take the 3rd exit when you come to the next roundabout

Continue straight on (mind the speed bump!) and watch for The Merry Plough Boy Pub. Take a sharp left after the pub.

The main road now veers left, you will take the minor road straight on (called Mutton Lane).

Continue straight – you will see a Cul De Sac sign and shortly after that the entrance to Larch Hill, continue on and you will see the main office and car park. Please be careful on the entrance road – it's quite twisty and there will be children around also.
